Together, Building Game Changers!

Our kids and teens are facing challenges unseen by previous generations. Many lack access to safe opportunities that foster a culture of acceptance and provide mentorship. They live in a world where social pressures are always on, calm and confidence are hard to access and perseverance is a required superpower every day.

Young people are growing in new environments that are demanding more from them, and therefore more from the First Tee - Silicon Valley and more from the golf community.

Youth Development through Golf

FTSV exists to enable kids to **build the strength of character** that empowers them through a lifetime of new challenges. By seamlessly **integrating the game of golf with life skills curriculum**, we create learning experiences that build inner strength, self-confidence, and resilience that kids carry in everything they do. With the belief that **ALL** kids deserve the chance to grow in a supportive environment with mentors guiding them, we are dedicated to building golf programs that are accessible, welcoming, and as impactful as they are fun.

Who You Will be Helping

FTSV on-course participants are:

- 85% racially diverse
